STRATEGIC PLAN

2026-2030

MISSION - VISION

Mission Statement

The State Tax Commission shall uphold the constitution and statutes of the State of Missouri; faithfully and impartially execute an assessment program; promptly and efficiently respond to the questions, complaints, and needs of taxpayers and assessing officers; and endeavor to eradicate the injustices and inequities in property tax assessments.

Vision Statement

The State Tax Commission envisions an ad valorem assessment landscape which ensures the equitable treatment of all property owners in the State of Missouri. This vision will be manifested through the State Tax Commission's emphasis on the guiding values of work ethic, discipline, integrity, efficiency, and impartiality in its performance of its duties and the fulfillment of its responsibilities to the citizens of Missouri.

VALUES

Uniformity, Accuracy, Impartiality, Fairness, Integrity, Public Trust

The State Tax Commission values an assessment system which attains uniformity in the assessment of all property within a class. Such uniformity, by necessity, must be based upon accurate information and impartial judgments, and when such a foundation is established, will result in fair and equitable assessments. Only upon the sound footings that these values provide can the State Tax Commission maintain an assessment structure which exudes integrity and earns the public trust.

Work Ethic, Efficiency, Quality

The State Tax Commission values employees with a strong work ethic who are eager to utilize their time and resources to create an exemplary product and provide services of unquestionable quality.

Openness, Accountability

The State Tax Commission values a policy of openness in all governmental activity and the assessment process in particular. Working in tandem with the concept of openness is the concept of accountability of assessing officers for the values and classifications placed upon property. The State Tax Commission values an assessment system in which the information upon which assessments are based is accessible to the taxpayer, and the method by which the assessments were determined is explained upon request.

Education

The State Tax Commission values the education not only of its staff and assessing officers but also of the public. Such education leads to understanding which in turn establishes and maintains public trust in the integrity of the property tax assessment system.

Service, Responsiveness, Courtesy

The State Tax Commission values the role of being of service to the public and recognizes that taxpayers deserve a prompt and courteous response from their government.

Constitution and Laws

The State Tax Commission values the legal framework provided by the Constitution of Missouri and the Revised Statutes of Missouri, which explicitly or impliedly, encourages and protects a government based upon the principles reflected in the foregoing values.

CONSTITUTIONAL MANDATE

The Missouri Constitution of 1945 created the State Tax Commission of Missouri in its current form. Article X, Section 14 of that constitution requires the General Assembly to create a tax commission for the purpose of performing three (3) functions:

1. Equalize assessments as between counties.
2. Hear appeals from local boards of equalization in individual assessment cases, and upon such appeal, correct any assessment which is shown to be unlawful, unfair, arbitrary, or capricious.
3. Perform such other duties as may be prescribed by law.

The State Tax Commission shall investigate all such appeals and shall correct any assessment or valuation which is shown to be unlawful, unfair, improper, arbitrary, or capricious. Any person aggrieved by the decision of the State Tax Commission may seek review as provided in chapter 536, RSMo. [Sec. 138.430.1, RSMo]
2. In order to investigate such appeals, the State Tax Commission may inquire of the owner of the property or of any other party to the appeal regarding any matter or issue relevant to the valuation, subclassification, or assessment of the property. The State Tax Commission may make its decision regarding the assessment or valuation of the property based solely upon its inquiry and any evidence presented by the parties to the State Tax Commission or based solely upon evidence presented by the parties to the State Tax Commission. [Sec. 138.430.2, RSMo]
3. Every owner of real property or tangible personal property shall have the right to appeal to the circuit court of the county in which the collector maintains his office, from the decision of the local board of equalization not later than thirty days after the final decision of the board of equalization concerning all questions and disputes involving the exclusion or exemption of such property from assessment or from the tax rolls pursuant to the Constitution of the United States or the constitution or laws of this state, or of the taxable situs of such property. The appeal shall be as a trial de novo in the manner prescribed for nonjury civil proceedings. [Sec. 138.430.3, RSMo]
4. Upon the timely filing of an appeal as provided in this section, the State Tax Commission or the clerk of the circuit court, as applicable, shall send to the county collector to whom the taxes on the property involved would be due, a notice that an appeal has been filed, which notice shall contain the name and address of the taxpayer filing the appeal. [Sec. 138.430.4, RSMo]

Every taxpayer protesting the payment of current taxes under subsection 1 of this section shall, within ninety days after filing his protest, commence an action against the collector by filing a petition for the recovery of the amount protested in the circuit court of the county in which the collector maintains his office. If any taxpayer so protesting his taxes under subsection 1 of this section shall fail to commence an action in the circuit court for the recovery of the taxes protested within the time prescribed in this subsection, such protest shall become null and void and of no effect, and the collector shall then disburse to the proper official the taxes impounded, and any interest earned thereon, as provided above in this subsection.

6. No action against the collector shall be commenced by any taxpayer who has, effective for the current tax year, filed with the State Tax Commission or the circuit court a timely and proper appeal of the assessment of the taxpayer's property. The portion of taxes in dispute from an appeal of an assessment shall be impounded in a separate fund and the commission in its decision and order issued pursuant to chapter 138 or the circuit court in its judgment may order all or any part of such taxes refunded to the taxpayer, or may authorize the collector to release and disburse all or any part of such taxes.
